DETAILED ACTION

Response to Amendment

1. Claims 15, 17, and 19-27 remain pending.

Election/Restrictions

2. Claims 23 and 24 remain withdrawn from consideration.

Response to Arguments

3. The objections and rejections set forth in the prior Office action are withdrawn in view of the amendment. The cited prior art neither teaches nor suggests the claimed process in which the biodegradable polymer comprises a poly(meth)acrylate skeleton or in which the hydrophobic polymer (polystyrene) is used in conjunction with an amphipathic (amphiphilic) polymer.

Claim Objections

4. Claim 15 objected to because of the following informalities: the second instance of *a* before *poly(meth)acrylate* should be deleted. Appropriate correction is required.

Claim Rejections - 35 USC § 112

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

6. Claims 15, 17, 19-22, and 25-27, are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A. Claim 15 has been amended to recite *said hydrophobic or biodegradable polymer comprises a polymer having a poly(meth)acrylate, or a polystyrene as a*

Art Unit: 1792

basic skeleton is indefinite because it implies that the hydrophobic polymer may be either a poly(meth)acrylate or a polystyrene and that the biodegradable polymer may be either a poly(meth)acrylate or a polystyrene. This claim would better read *said hydrophobic polymer comprises a polymer having a polystyrene basic skeleton and said biodegradable polymer comprises a polymer having a poly(meth)acrylate basic skeleton.*

B. In claim 17, *said amphiphilic polymer* lacks antecedent basis.

Allowable Subject Matter

7. Claims 15, 17, 19-22, and 25-27, would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

8. The following is a statement of reasons for the indication of allowable subject matter: The closest prior art has been made of record and the claims distinguish over this art as detailed above.

Conclusion

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

Art Unit: 1792

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
